Bowls USA National Championships

Sun City Center LBC, Florida, Nov. 4-8, 2014

By Linda Hawken

Not a lot can happen in four and a half days but try telling that to the players who took part in the Bowls USA National Championships held at Sun City Center Lawn Bowling Club (SCCLBC) in Florida from November 4-8, 2014. SCCLBC was very privileged to host this event for 2014 and our club members, plus many members of the non-bowling community at large, were treated to a fine display of the sport by the players, the best that seven divisions in the country could send.

The weather was fine for bowlers and spectators alike, only cool and cloudy the last afternoon. However, the playoffs that took place during that time more than made up for any lack of sunshine.

The Men's Singles went to a playoff between Dick Sayer (NE) and Andy Klubberud of the (NW) who had both won 5 out of 7 of their games, accumulating 10 points each by Saturday morning. Although Dick made a comeback halfway through their game, Andy came out the winner.

In the Ladies' Singles, 4 players were tied with 10 points at the end of the 7th round including Dee McSparran (SW Stars), Gabrielle Coleman (PIMD), Marita Nierth (SE) and Lorraine Hitchcock (SC). Gabrielle won her semi-final game against Marita and went on to play Dee who defeated Lorraine in the semi-final. By mid-afternoon, with rain clouds gathering and a massive storm front headed in, Dee prevailed and won the Ladies' Singles final game.

In the Pairs, there were outright winners for both Ladies and Men after 7 rounds of play. The Ladies' Pairs winners were Jackie Tucker and Regina Banares (SC) with 6 wins and one loss.; Men's Pairs winners were Jeff Covell and Todd Wagers (NW) also with 6 wins and one loss.

Sun City Center LBC appreciates the help given by umpires and markers from other clubs for their time and contribution to make this event a memorable one.

The Champions:

Andy Klubberud
(NW)

Dee McSparran
(SW Stars)

Jackie Tucker and Regina Banares
(SC)

Jeff Covell and Todd Wagers
(NW)

Sayer Nearly Wins Championship

In the National Championships in Sun City Center, NED single rep. Dick Sayer had a chance to win it all with a victory in his final scheduled match against Max Cavender of the Central Division. He didn't manage to win that but was still alive needing to win in a playoff against Andy Klubberud of the Northwest Division. He fell behind early but battled back as he did in nearly every game he won in this tournament. at 19-17 down he was laying three shots when Klubberud played the shot of the game to burn the end and save Sayer going up for the first time in the game and only one point away from a comeback victory. Klubberud then scored a two in the next end to win 21-17. The Men's Pairs team of Patrick Duffy and Burl Roller, the women's pairs team of Eileen Luba and Rusty Hein and Women's singles player Michele Arculli all finished 3-4. It was a fine showing for Team Northeast!

• • • • •

SMOKING HOT!!!!!!

Northeast Division pairs team Eileen Luba and Rusty Hein win the 5th flight at the National Open in California. Huge victory for our ladies and for all of us in the Northeast. Congrats! Earlier in the week our own Michele Arculli, 2011 National Singles Champion, skipping the rinks team to a 3rd flight championship

Founder of Asheville, NC, LBC Passes Away Jack Benatan, Age 95

Contributed by Christine Garbett

Jack Benatan, founder of Asheville LBC, passed away on October 28, 2014 at the age of 95. Is survived by Nicki, his wife of 65 years.

The following is a history of how Jack founded the lawn bowling club. It was written by him five years ago.

Continued...

Southeast

The Founding of Asheville LBC

By Jack Benatan

1998— The River Link organization had acquired the land, which includes the Asheville Race Track and then presented it to the city. Word went out that the city intended to make this into a recreation park.

Nicki and I had learned the game of lawn bowling while living in South Africa and brought our bowls along when we moved back to the U.S. in 1994. On vacation in Williamsburg, VA we discovered the oldest active green and actually played there. It was perfectly natural therefore that we should immediately think Bowling Green.” Nicki got on the Internet thru USLBA contacted Frank Ransome of California, a very senior member of USLBA and presently National Membership chairman. Frank responded immediately to our request for details of construction of a bowling green. We received not only the detailed plans and information but also enthusiastic support. All this happened in a few days.

I took the next step and called City Hall and found out who was the headman. Turned out to be one Irby Brinson, Director of Parks and Rec. Made an appointment for Nicki and I to meet with him. Being aware of some of the projects, cycle track, soccer, softball, etc. After awhile Nicki said, “That’s great, but do you realize that you are ignoring an important part of the population?”

He looked puzzled for a moment and then asked, “What exactly is that you want from me?”

Upon which invitation I spread the plans before him and said, “A Bowling Green.” Then, as I remember the game of lawn bowling was explained to him in some detail, including the fact it could be played up to fairly senior type citizens who were really no able to take advantage of either the bicycle track or the soccer fields. I guess we made our point.

There followed several meetings with the design, engineering and other staff who were involved. We were appointed to the Advisory Committee and attended the meetings, at which we met Jim Shaver and Ray Carol, both experienced bowlers.

I also alerted Arnold and Bernice Green, neither of whom had bowled but had shown strong interest and Jim Turpin who I had met at heart-rehab classes. The Greens attended some meetings. We were, by this time well acquainted with Jim Orr, Senior Supervisor, Parks and Rec, as well as Ken Kendall, head of Building and

Maintenance, Parks and Rec, who was personally in charge of construction, and a good man to know. Nicki and I spent many hours watching, asking questions while trying to stay out of the way.

While the plans we had presented indicated that a standard, official green must be 120’ x 120’. We discovered that in order to save money they were contemplating building an 85’ x 85’ green. We argued passionately, supported by books or rules and compromised at 110 x 110 feet square. No tax money was used in construction. The department successfully wrote for, and received, grants. Although I originally suggested an artificial surface, the plan was to make a grass surface. When the costs of maintenance were calculated they agree that the surface should be considered. Using either of the two samples which the city received would have cost \$80,00 installed. Nicki got on the Internet, found and talked with the President of a Colorado manufacturing company who submitted a sample, which was approved, and which could be laid by Ken Kendall and crew. Cost about \$18,000.

With the green nearing completion, the time came along when we began thinking of a Bowling Club. Realizing that while Nicki and I had brought our bowls from South Africa, Jim Shearer and Ray Carol each had a set. We would need, jacks, mats in order to play the game, and some extra sets of bowls for new bowlers to learn the game. We could not think of any other source of money so we opened the Benatan Lawn Bowling Account with \$500 of our own money. We ordered jacks from Canada, and again asked Frank Ransome for help, this time in finding used bowls. Frank again came through and shipped some old sets from California at a reasonable price and these are still in regular use.

Mitchell SD completes successful lawn bowling season despite obstacles

The Mitchell South Dakota LBC completed a successful 2014 season with a final use count of 2117 bowlers, more than a 24% increase over last year. This upturn in usage occurred in an environment in which the golf course groundskeeper inexplicably removed all the ditches surrounding the green. Bowls USA officials and Central Division leadership wrote letters to the mayor of Mitchell encouraging the rebuilding of the ditches and explaining that the ditch in bowls is as essential to the game as the gutter is in 10-pin bowling or the foul line in baseball. However, Rodney Titze, the driving force in the Mitchell lawn bowling community, reports that no remedial action on the ditches has occurred.

But the good folks in Mitchell bowled on. The final event of the year had a bowler turnout of 43. In tournament play, the club singles title went to Mary Titze.

Pairs was won

by the team of Dave Wosje & Rod Titze. Triples was won by the team of Sherry Stille & Steve Nordwall & Rod Titze. Mitchell also hosted a tournament for the special league of lawn bowlers with developmental disabilities. As Rod Titze concludes, "The Lakeview Lawn bowling group is determined to persevere as we move forward."

Here's a little peek of our Club in Cincinnati. We're the southernmost club in the Central Division but sadly are 250 miles from any other club. We've been "in business" since at least 1913.

The Cincinnati Lawn Bowling Club ended its 2014 record breaking season with a luncheon/business meeting at a favorite Italian restaurant. Our 10 new members brought us to a high of 40 members. Nearly 300 visitors played - up 55% from 2013. The most encouraging thing was that we had 50% more participation on any given day of play. We bowl Tuesday & Thursday evenings, Saturday morning and this year added 5 Sunday afternoons. The green can be opened at other times for groups.

Visitors came from all types of organized groups: schools, friends, fliers, and neighborhood publications. It helps to be in the middle of a golf course and at the trailhead of a 75 mile scenic bike trail giving us "fence hangers" to whom we gently explain, "No, this is not bocce". In September we hosted a one afternoon course in lawn bowling for the life-long learning center "OLLI" of the University of Cincinnati. It was such a success that we'll do it again for the spring semester, perhaps expanding the course to more than one week. It also helped to have great summer weather.

Club Champions this year: Helen Vogt-Women's Singles Champion; John Huesman—Men's Singles Champion; and John and Theresa Huesman - doubles champions, all received their trophies.

Our Green is located 10 miles east of downtown Cincinnati at the Little Miami Golf Center which is part of the [Great Parks](#) of Hamilton County. Over the last 2 years the grass has been rehabbed blade by blade under the direction of Dean Brown, the park manager. Hence, the picture of "Dean's Greens".

Memorable quotes from the season:

"We can get the point and still be nowhere near the jack."

"Ya'll can forfeit now if you want."

"Bowl towards your own jack. That's ours."

"OK, Bill, we need another one of those 8 point ends...desperately."

"I bowl better in the dark." (The park closes at dark & we pushed the limit by bowling with cell phone lights) cont.

The Ladies of Bath

Submitted by Jan Leja

Jan and Juanita Leja

Ladies from Bath

The San Francisco Lawn Bowling Club is so antiquated that it has the remnants of a Men's and Women's clubhouse, separating the sexes by a single thin wall. However, just last week, our number one bowling rink was renovated to the tune of several hundred thousand dollars. Tuesday was the Opening Day for the said green, which was attended by various and sundry park dignitaries, architects, and landscapers. A required Opening Day bowls game was organized, and jacks were rolled out to the required lengths. It immediately became apparent that something was not right. While some grumbling by our local bowlers was heard relating to the green (excessive watering, speed of the bowls etc.), there were two ladies who, with borrowed bowls lent to them by the Club—and bowling on rinks never bowled by them before—consistently outperformed their opponents.

Heads were turned, necks were craned, and eyes were rolled, as Joan Walmsley and Judith Stanton took their turns. Soon it was whispered that just this year, 2014, Joan was a semifinalist at the National Level - competing against top players from around her home country of England. At her home club in Somerset, England, Joan, Judith (and Sue) won the Somerset County Triples competition. Along with other players, Joan and Judith were runners up in the Somerset County Rinks competition.

We are all sad that today they are boarding a flight from San Francisco to return to Somerset, England, home to the Bath Lawn Bowling Club. The Club ladies bade them a fond adieu, while the men uttered a sigh of relief that their egos would not be threatened; but we shall miss them anyway. We invite other Lawn Bowling friends to visit us here in San Francisco, just as Joan and Judith did, where everybody is met with a warm welcome

San Francisco Celebrates Rebuilding of Oldest Green

Submitted by Rob Pawlak

Over 50 members of SFLBC welcomed City dignitaries and Recreation and Parks officials to the reopening of its Green #1 on November 18.

The green has special significance since it was laid out by legendary Golden Gate Park Superintendent and SFLBC co-founder, John McLaren in 1901. Now it is probably the only public green in Northern California that's compliant with the Americans for Disability Act. All of the green's surround, backboards and plinths are poured concrete. There's new fencing around the green and renovated 19th Century park benches. Club volunteers did most of the new plantings around the green.

Speaking to the assembled crowd, current club president Rod Arriaga said, "It's not hard to imagine at least a hint of a smile from the gruff Scotsman who co-founded our club in 1901...in finally viewing the finished product."

The major undertaking of rebuilding everything but the green was accomplished by contributions from SFLBC members and a large grant from the San Francisco Community Opportunity Challenge Fund.

Referring to the historic nature of SFLBC - the greens and club house are City landmarks- Phil Ginsburg, the City's General Manager of Recreation and Parks, noted that the green's "were in great need of renovation to protect the integrity of the green space and the sport."

A ceremonial rolling of the first bowl capped the event and marked the re-opening of the green. The honor went to Bowls USA Hall of Fame member, Bill Campbell, a 50-year member of SFLBC. The day also included a barbeque for all in attendance and a mixed triples match played on all eight rinks.

Palo Alto LBC Fred Hawley Invitational for Bowlers over 80

Submitted by David Hale

The Fred Hawley Invitational is named for a strong and gentle man who had been a big part of the Palo Alto LBC for over 23 years. This tournament for the "Golden Geezers," as Fred liked to say is open to all PIMD bowlers over the age of 80.

Fred was always the guy who was always there—bowling, watching, rooting for the underdog, offering congratulations, and making some totally unbelievable shots! He was a past-president, a multiple-tournament winner, a poet, a lover of nature, beauty and music, had a wonderful sense of humor, and was a good friend to all. He instigated and played in this Super Senior tournament at our club a couple of years ago.

Cont.

Pacific Inter-Mountain

Fred Hawley cont.

A thankfully a cool morning greeted the 12 bowlers competing for the championship this year, each playing three games. While most of the bowlers were Palo Alto members, three other clubs, San Francisco, Berkeley, and San Jose, were represented.

As they did last year, the 90-year-olds again showed the youngsters how to bowl. Brit Turner, 93 years, won the championship in fine fashion with a strong 3-0 record. Jack Spinler, up from the San Jose LBC, slipped into 2nd place. Jack also won all three games, but his +14 differential just didn't stand up to Brit's +25 point advantage. Roberta Durham beat the defending champion, 92-year-old Arnie Barros, in their first game of the day. That was the difference between Roberta finishing third and Arnie finishing 4th.

We enjoyed chocolate cupcakes in honor of Brit's birthday, as his birthday seems to always happen very near the date of the Fred Hawley Invitational.

We'll see if anyone will want to come to his party next year. Brit seemed to be everyone's spoiler. Roberta the 3rd place finisher, had her only loss against Brit. John Quackenbush was undefeated going into his third game of the day, but Brit crushed John's hopes, pushing him just out of the money in game three.

Thank you to Bonny Turner and Ann Walker for organizing the morning goodies and providing lunch including those cupcakes and marking a game or two.

The Golden Geezers had a wonderful time and didn't have to put up with those pesky 70 Somethings as they do in PALBC Seniors Tournament. Hooray to all of you! You are an inspiration to all of us and continue to honor Fred's spirit.

Super Seniors Max Capistany, Jack Spinler, Howard Mackey, Don Huges, Bob Leonard, Brit Turner, Arnie Barros, Sunit Roy, Ted Crum, and John Quackenbush.

Roberta Durham & Carmen Quackenbush are seated on the Fred Hawley Memorial bench.

Beware the Typo - Hilarity to Follow

Submitted by Ginger Harris

Who would have imagined that a little typo in a bio for a player in the National Championships would have led to such fun and laughter? Ginger Harris was described as "proud to be representing the **PIMP**" rather than the PIMD. Well, it didn't take long for that to get around the group, and the creative brains of the PIM-Ders shot into overdrive. A stop at the local Dollar Store provided the props for a surprise impromptu sing-along at the delicious Italian dinner night hosted by the Sun City Center and Pebble Beach clubs. Donning hats, blingy garland, holding microphones and waving funny money in the air, Gabrielle Coleman, Mary Scott, Ginger Harris, Jon Yee, Bud Birkenseer and Larry Collaco became the **PIM People** and led the crowd in a verse of "It's fun to play in the P-I-M-P". Handing out thousands of dollars in hundred dollar bills, we invited all those present to come to our Open in 2015. The typo provided lots of opportunities for occasional friendly banter during what is a high level and frequently stressful competition. Often, as the **PIMP** group showed up at the scheduled bowling and activity sites in their rented mini van, someone announced that the "pimpmobile" had arrived.

Each of the PIMD players put forth their best effort in the tough 7 game tournament. The competition at the National Championship level is fierce, and humbling. We all had some great games, and, despite not taking top honors, we were determined to give every opponent a good game. Our women's singles player, novice **Gabrielle Coleman**, had everyone talking and watching exceptional shots as she took on highly skilled veteran players one by one. When all was said and done, and after playing three 21 point games on Saturday, she earned a silver medal in her first trip to the Nationals!! Congratulations, Gabrielle!!

Our collective "THANK YOU" for the financial support from our division, our clubs, and the Memorial Fund of Bowls USA. The e-mails of encouragement and congratulations from fellow bowlers back home kept us motivated and proud to be representing the **PIMD!!**

Southwest

Submitted by Kottia Spangler

This past weekend, the SW Women's Division offered two classes to the Santa Barbara/Mackenzie Lawn Bowling Clubs. Patricia Gonzalez, President of the SWWD, has been the creator/supporter for the instruction committee and promoting bowling clinics within the Southwest Division.

On Saturday, 15 members came to Mackenzie Park for the Introduction to the Australian SPORT Methodology classes. Members were taught how to conduct a lesson for a new bowler based on the coaching plan that Bowls USA is pursuing.

On Sunday, 25 members came to Santa Barbara for the Skip Clinic. (See photo.) Instruction was offered by Kottia Spangler, Eileen Morton, Patricia Cronshaw, and Bruce Phillips (see photo). The members were enthusiastic and the weather was beautiful. What more could you ask for?

Information was shared on team responsibilities, proper use of scorecards, rules, team building, and head reading.

On December 16 Coach Kottia will be presenting a class to a group of 17 to 22 year olds at the Riverside Lawn Bowling Club.

The students attend "Come Back Kids", and will receive credits toward attaining their high school diploma. Instructors for that day will be Dee McSparran, Jorunn Mumma, and Kottia Spangler. The Come Back Kids (CBK) is a program operated by the Riverside County Office of Education, Alternative Education department.

Southwest Women's Ladies' Day

Sun City LBC, November 19

Submitted by Micky Alexander

I said I couldn't promise that we would have good weather but Sun City lived up to it's name - it was a beautiful day indeed. We also had the smiling faces of several gentlemen as they served up the breakfast goodies & lunch that was provided by our Sun City ladies. The maintenance department set up lots of colorful umbrellas around the green and tables on the patio & our set-up crew did their magic and had the 5 rinks that we needed all set up for us - how did they know?!?

This time we had participants come from Long Beach, Laguna Beach, Casta del Sol, Lake Hodges, Redlands, Hemet, Riverside & of course, our own Sun City.

Long Beach LBC Fun Day

November 12, 2014

Long Beach LBC had a Fun Day on Nov. 12. Tony Crutchfield (far left) and Charlyn Moltan won \$40 in the first game. In the second game Gordon Thomas, Charlyn Moltan and Phil Garcia were the big winners with \$62 each.

Newport Harbor Lawn Bowling Club

Bowler of the Year Format and Results

Submitted by Phil Luth

Every International club that I have gone to has a Club Bowler of the Year. These are bowlers that have represented their club at many events during the year and have been the most successful during that year.

This is a program that we used to stimulate competitive bowls events at the club level. It made for a level playing format that was inclusive to all that choose to participate.

Only NHLBC members were eligible for points associated with Bowler of the Year. Points were only given to players that participated at the club events. Each player on a team formatted competition received the same amount of points associated with the place the team finished. All tournaments were formatted to use the Bowls USA rules and regulations. This was a benefit for newer members and helped them to understand how tournaments outside of the club operate.

One format was used for tournament play, blind draw.

By using a blind draw for the tournaments, participation in these events becomes more about learning to bowl with other bowlers. The person that participates in the most tournaments, and is the most consistent, could become the Bowler of the Year.

Tournaments were scheduled during times that the traveling competitive bowlers were available. This gave them an opportunity to participate and gain points towards becoming Bowler of the Year.

A spreadsheet was developed to keep track of points given and a running total will be posted at the club house after each event.

The following point system was used.

1st – 100 pts, 2nd – 80 pts, 3rd – 60 pts, 4th – 50 pts, 5th – 45 pts
6th – 43 pts, 7th – 41 pts, 8th thru 100th – 40 pts.

There were 7 Tournaments used as BOTY point tournaments.

Valentine's Day, Ladies Skip Pairs

St. Patrick's Day pairs

Cont.

Southwest

Cont.

President's Cup Triples, President's Cup Pairs, President's Cup Singles, Vet. / Novice Pairs, Aussie Pairs

A few unexpected things popped up from this experiment.

First, I had always thought that it was the same 40 to 50 members participating in the club tournaments. What we found is that almost 90 different club members played in at least one of these tournaments.

Second, I thought that the BOTY would be decided early in the season, when in fact, it came down to the final tournament and could have gone to 1 of 6 participants.

Here are the top Winners:

1st Place: Roger Cooper - 343 pts.

2nd Place: Shirley Cooper– 343 pts.

3rd Place: Jim White—320 pts.

4th Place: Don Stewart 318 pts.
